* This number only reflects Male Youth Players from 6U to 18U age categories by District

** "DIV 1 PERF" indicates the percentage of Division 1 Freshman from that District, compared to its total player pool. So, if a District is at 100%, that indicates proportional number of NCAA Men's Division 1 players compared to its percentage of total Youth players, compared to other Districts. NTDP Players are tallied in their home State and District.
